Acme Benefits Guide 2026

United States employees, People Operations

Who This Guide Covers

This guide describes the 2026 benefits for full-time Acme employees in the United States. Benefits start on your first day of employment. Employees in other countries receive local benefits described in their country addendum.

Medical Plans

Acme offers two medical plans through Aetna: the Acme PPO and the Acme HDHP with a health savings account (HSA). Both plans use the same national network and cover preventive care at 100 percent.

Acme pays 90 percent of the monthly premium for employees and 75 percent for spouses, domestic partners and children. The PPO has a 500 USD individual deductible; the HDHP has a 1,700 USD individual deductible.

Dental and Vision

Dental coverage through Delta Dental and vision coverage through VSP are free for employees. Acme pays 50 percent of the dental and vision premium for dependents. Vision covers one eye exam and up to 200 USD for glasses or contact lenses every 12 months.

401(k) Retirement Plan

Acme matches 100 percent of your 401(k) contributions up to 4 percent of your base salary. The match is paid every payroll and vests immediately. You can enroll, change your contribution or stop at any time in Fidelity NetBenefits; changes apply from the next payroll.

New employees are enrolled automatically at a 3 percent contribution after 30 days unless they choose a different rate or opt out.

Health Savings Account

Employees on the Acme HDHP receive an Acme HSA contribution of 750 USD per year for individual coverage or 1,500 USD per year for family coverage, paid in equal amounts each payroll. The HSA belongs to you and stays with you if you leave Acme.

Life and Disability Insurance

Acme provides life insurance of two times your base salary, up to 500,000 USD, at no cost. Short-term disability pays 70 percent of base salary for up to 12 weeks after a 7-day waiting period. Long-term disability pays 60 percent of base salary after 90 days.

Wellbeing

Every employee receives a wellness stipend of 75 USD per month, paid through payroll, for gym memberships, fitness classes, meditation apps or sports equipment. No receipts are needed.

The Employee Assistance Program (EAP) through Lyra offers 8 free counseling sessions per person per year, for employees and their family members. Lyra is available 24/7 and sessions are confidential; Acme never sees who uses it.

The commuter benefit lets office-based employees pay for transit and parking with up to 315 USD per month of pre-tax salary.

Enrolling and Making Changes

Choose your benefits in Workday within 30 days of your start date. If you do not choose, you are enrolled in the Acme PPO for yourself only.

Open enrollment for 2027 runs from November 3 to November 17, 2026. Outside open enrollment you can change your plans only within 30 days of a qualifying life event, such as marriage, a new dependent or loss of other coverage.

Questions about benefits go to People Operations through the HR portal.
